1,250 Bottles of Gas Make One Bottle of Liquozone.

We require 1,250 cubic inches of gas to make one cubic inch of Liquozone. The gas is made in large part from the best oxygen producers. The process of reduction takes 14 days. It is this astounding condensation that gives Liquozone its power-the power to do what oxygen does.

A Million 50c Bottles Free.

The virtue of Liquozone lies in the fact ! that it does what oxygen does.

Oxygen is the vital part of air. It is nature's great tonic, the very source of vitality, the most essetial element of life. It is oxy-The conviction of Senator J. R. Oxygen is the nerve food-the blood food; and every function of life so depends on it that we ago before the alumni association, and is could not live three minutes without it. And an excess of oxygen is certain destruction to every form of disease germ.

But oxygen is a gas, and unstable. An excess of oxygen cannot be held in the blood, Liquozone is a liquid, with all its virtues in HISTORY OF SCHOOL permanent form and concentrated. It goes into the stomach, into the bowels, and into the blood, to go wherever the blood goes. That is the secret of its power.

Not Medicine

Liquozone is not made by compounding acids or drugs; nor is there any alcohol in it. Its virtues are derived solely from gaslargely from oxygen gas-by a process requiring immense apparatus and fourteen days' time. Its results are due to the fact of an immense volume of the gas.

Sea of Angry Waters Holds Portland in Its Grasp

but began to rise again this afternoon. The river has risen three and one-half inches at New Harmony in ten hours and now stands twenty-two feet, which is two feet under the highest stage ever reached there. Three boats were used to-day in rescuing people and stock, the Bernice, Roy H. and Nellie Chadwick. Most of the people have been taken from the bottoms. There is a great deal of wheat in bins along the lower Wabash and the boats will try to save this on Saturday morning. Refugees have been pouring into New Harmony, Grayville and Mount Carmel all day. Capt. Frank O. ACTUAL WANT AND HUNGER IN MARION

Special to the Indianapolis Journal. MARION, Ind., April 1.-As the result of a cloudburst south of here, the Mississenawa to-day and to-night made a rapid rise, and during the late hours of the afternoon poured steadily and rapidly through the breaks in the levee, burying East Marion under almost six feet of water by 10 o'clock to-night. Measures are being taken to supply the needs of the sufferers from the flood. Hundreds are dependent on their friends for shelter and food. These are to be helped during the period of the high waters. Their homes are dismantled. In the way of damaged furniture and property, thousands of dollars have been ost. There is actual want and hunger in Marion as the result of the flood.

FAIRMOUNT FLOODED AND WITHOUT FUEL

Special to the Indianapolis Journal. FAIRMOUNT, Ind., April 1.-This city experienced the worst flood in her history this morning, the high-water mark of last week being submerged by ten inches. Back creek, generally a very small stream, was five blocks wide in some places and flowed with a current resembling a milirace. Many and cellars filled. The big twelve-inch gas main, extending from Wabash county, which supplies Fairmount, Marion, Summitville and Alexandria, broke in the center of a gravel pit just south of the city limits at 3 o'clock this morning, necessitating the stopping of the engines; thus shut- and no cars have reached the city. The ting off the fuel supply of the towns named. Owing to its location it will be impossible for the break to be fixed until the water subsides.

Another Inundation at Elwood.

Special to the Indianapolis Journal. ELWOOD, Ind., April 1 .- A heavy rainstorm, amounting almost to a cloudburst, fell in this vicinity last night and this morning, accompanied by a heavy thunder storm, and as a result Duck creek at noon to-day lacked but six inches of reaching the record-breaking high water mark established last Saturday. Thirty or forty houses, the occupants of which had returned to them but a day or so ago, were again inundated and a number of outbuildings were swept away. Bridges are being guarded, the officials fearing that they will give way before the torrents of water

which are pouring against and over them. Spring Lake Levee Broken.

Special to the Indianapolis Journal. GREENFIELD, Ind., April 1 .- The levee which incloses Spring lake at Spring Lake Park, five miles west of here, broke early this morning. There was a very heavy rainfall last night and this caused a rise in the lake which overtaxed the strength of the levee. The fields between the lake and Sugar creek are inundated for about a quarter of a mile. The park is owned by Dr. E. E. Mathews, of Indianapolis, fatherin-law of Sheriff Robert Metzger.

Culverts and Tracks Washed Out.

Special to the Indianapolis Journal, CRAWFORDSVILLE, Ind., April 1.-The rain last night did much damage to the roads and railways. The Vandalia bridge was washed away at Rockville, a Big Four culvert was washed out west of here and there was trouble east, so the night trains went to Roachdale. The Monon had trouble south of here. The Northwestern Traction line lost a concrete culvert and embankment last evening.

Blue River Again Rising. Special to the Indianapolis Journal.

SHELBYVILLE, Ind., April 1.-Big Blue river is again rising, and is overflowing its banks rapidly. The stream is almost as high this evening as it was one week ago, and some of the families in the western part of the city moved out of their homes this afternoon to higher localities. Rural Mail Carrier Steve Enders had to return to town to-day after delivering only a portion of his route.

Much Track Washed Out.

GLENCARBON, Ill., April 1 .- As the result of a cloudburst the entire lower half of the town is flooded. Two miles of the Illinois Central tracks are washed out. The Clover Leaf and the Chicago, Peoria & St. Louis have also lost much track.

Interurban Tracks Washed Out. Special to the Indianapolis Journal.

Damage at Hartford City. Special to the Indianapolis Journal. HARTFORD CITY, Ind., April 1 .- All that section of the city known as Lick creek bottoms is under water, and the people have been compelled to abandon their homes. Where the Muncie, Hartford City and Fort Wayne interurban line crosses the creek the water is flowing over the bridge

power station at Eaton also is under water.

from Portland, Me.

Special to the Indianapolis Journal. TERRE HAUTE, Ind., April 1.-The building trades were not all idle to-day, as expected. The carpenters continued at work because they say there is a chance for a settlement. The plumbers and master plumbers have held conferences, but as yet have been unable to reach an agreement. The other trades report that the prospect is good for settlement of all points

in dispute. Train Burned on Cuban Road. SANTIAGO DE CUBA, April 1.-The

Havana express on the Cuba Railroad, due at Santiago at 10 o'clock last night, ran into the flames from one of the company's wood piles, which was burning alongside the track east of Las Tunas. A sleeper, two coaches and an observation car were burned. The mail, baggage and express consignments were saved. No passengers were injured.

Whites and Blacks to Be Separated.

RICHMOND, Va., April 1.- The street car company here has announced that after April 15 it will enforce the law which permits conductors to separate white and colored passengers. Any person failing or refusing to observe the direction of the conductor is liable to a fine of \$25 and may also be ejected from the car for such re-
